# The Convert Model

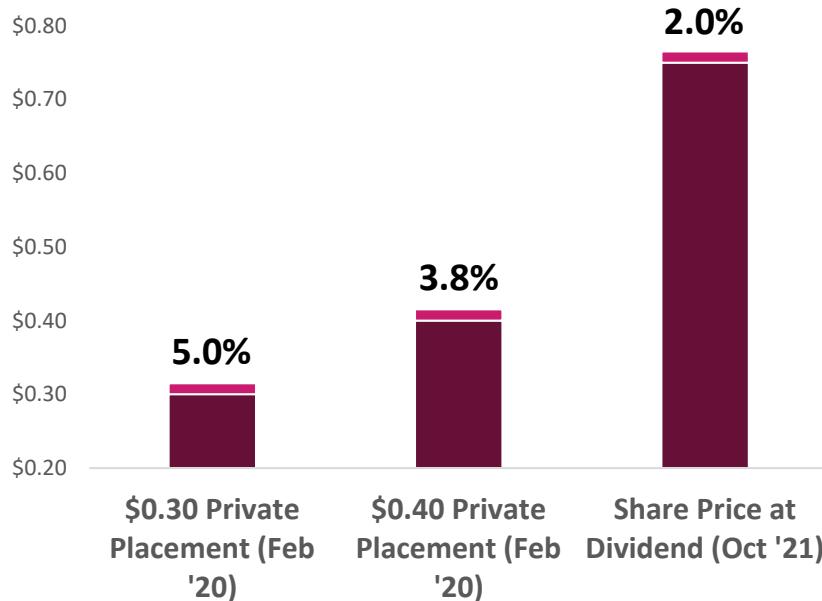

- Investments in convertible debentures offer:
  - Downside protected as debt structure ranks ahead of shareholders
  - Full equity upside above the conversion price
  - Income regardless of macro / operating metrics during life on convert (interest coupon)
  - Repayment of principal at maturity

# Inaugural Dividend

- Within 18 months of the Company's inception, on October 18, 2021, QRC announced its inaugural annual dividend of C\$0.015 per share.

## Dividend Yield

## Dividend Reinvestment Plan (DRIP)

- QRC established a DRIP to allow investors the opportunity to re-invest their dividend in stock
- 74% of shareholders opted to receive shares in lieu of cash for the dividend payment at a deemed price of C\$0.72/share

## Share Repurchase Program (SRP)

- With the cash that would have otherwise been paid as dividend, QRC established a SRP to minimize the dilution of the DRIP
- To-date, QRC has repurchased over 650,000 shares at an average price below C\$0.72/share

The DRIP and the SRP allow QRC to facilitate the disposal of shares by short-term shareholders and put those shares in the hands of long-term investors.
